

A NEW PROJECT IN SHUFFLEBOARD

Last year our **Florida Shuffleboard Association** voted to try something new in shuffleboard history; to make and edit a moving picture film portraying the many angles of shuffleboard.

It was found that we had in our group a man with some experience in this line, Chris Lotz from West Palm Beach - Co-Editor of our magazine - The Preview, and a former President of the Southeast District of the Florida State Shuffleboard Association, Inc.

According to all reports this film which will cover many angles of the game of shuffleboard is progressing

nicely, and it is hoped that it will be nearly enough completed that an advance showing may be made to the State Executive Committee at their fall meeting to be held at Sebring on October 29th.

This will be just another angle of promotion of shuffleboard (and it is hoped to have this film available for any Civic Organization that might want to show it at a later date in a way of advancement for the game of shuffleboard.)
