

SHUFFLEBOARD IS FOR ALL

You will find some of the most interesting people among shuffleboard players. They have been in all walks of life, and are mostly retired citizens, naturally their combined experiences have been greatly responsible for this wonderful Country's success, the best in the world. You may be playing with, or talking to lawyers, doctors, merchants, machinists, ministers, and other professions too numerous to mention, all feeling equal. In their remaining years, you see them enjoying this great sport of shuffleboard. This interesting game furnishes many happy hours, to a great generation.

HAPPY SHUFFLING
