

You are cordially invited to participate in all the tournaments of the Southwest District in which you are eligible to enter. Contacts made on the shuffle courts are the beginning of many friendships that add adjoyment to our lives, and this, with the mild, beneficial exercise the game provides, is the basis of its ever growing popularity. What you get out of it depends on what you put into it.

It is my earnest desire that our organization be improved and enlarged, and I thank all of my co-workers for their efforts and cooperation toward that goal.

J. M. NEAL,
Pres., Southwest District
