

## **At the Shuffleboard Courts**

To the shuffleboard courts we go each day  
To meet our friends and hope to play,  
The most played game in the State  
When the weather is fit, all else can wait,  
We enjoy the game, if we win or lose  
Or just sit and watch if we choose,  
We put out a pilot and hope to hide  
Then some play down on the other side,  
And that is where the fun comes in  
Trying to put each other in the 10-OFF-bin,  
Sometimes we make a real good shot  
But often our shots are not so hot,  
But if we don't hit where we should  
At least we played as good as we could,  
And when that three game session is done  
We all shake hands, as all had fun,  
Home at noon for a bite to eat  
Back in the aft. and hope to beat,  
Early supper after the game  
Then back at six for more of the same,  
I love the game, How about you?  
Without shuffleboard, Just what would we do?
