

Anniversary

December 12th marks the 60th year of the Florida Shuffleboard Association. The founder of this great organization, Mr. E. F. Wolfrum of Maumee, Ohio, who spent his winters in St. Petersburg and was a charter member of the St. Petersburg Shuffleboard Club (Mirror Lake), founded in January of 1924, had the dream of making shuffleboard a statewide sport. His dream has been realized and maybe gone way beyond his wildest dream. The playing rules of the sport have been changed somewhat through the years, but basically they still are the same. Much credit must be given to the founding fathers of the sport, to still have them used today. Has shuffleboard reached its peak? What dreams do the State and District Officers have for the sport? What happens to this great sport will depend on them for leadership and dedication.

A Happy Anniversay, and may we enjoy many more years of friendship, and enjoyment playing this great sport, SHUFFLEBOARD.
