

Shuffleboard Lore...

1. WATCH THE SCOREBOARD. It's the best way to win a game and the easiest way to lose one if you don't!
2. When a GOOD PLAYER makes a poor shot, it is a mistake; when a NOVICE makes the same shot, it is stupid!
3. Many a man who is too tired to help around the house, plays shuffleboard for exercise!
4. The only exercise some folks get is JUMPING at conclusions, RUNNING down their friends, SIDE-STEPPING responsibility, and PUSHING their luck!
